Community Appearance Index (formerly Litter Index)

KAtIB has completed the 2015 Community Appearance Index, including litter, illegal signs, graffiti, abandoned/junk vehicles and outside storage. The results of the Index are intended to help quickly and reliably assess the litter situation in our City and to assist us in achieving long-term, sustainable results with litter abatement programs. Coming Together to Clean Up Atlanta Neighborhoods

KAtIB's key areas of focus are **Litter Prevention**, **Beautification**, and **Waste Reduction**. We are pleased to provide cleanup supplies to Atlanta residents who come together to improve their communities. Many thanks to those who sent us follow up comments and photos that showcase their efforts.

Arno Drive Cleanup

This spring, the [Springfield Missionary Baptist Church](#) conducted a neighborhood cleanup along Arno Drive in NW Atlanta. The area had become littered with trash over a long period of time and was very unsightly. Members of the Evangelism Ministry of Springfield, led by Bro. Dwiki Leonard, teamed up to collect over 30 bags of trash.

An Annual Event

Pastor Ronald S. Bonner from [The Lutheran Church of the Atonement](#) sent us this follow up to his group's annual cleanup efforts:

"On March 28, the Pine Acres Urban Villa Community Organization along with their partners Making A Way Housing and The Lutheran Church of Atonement (cleanup host), held the 7th annual and 5th bi-annual community cleanup. This event helps to increase pride and hope in our community as we partner with residents, law enforcement, organizations, congregations, and Keep Atlanta Beautiful to make a difference in our great city."
—Pastor Ronald S. Bonner, The Lutheran Church of the Atonement
