

The City of Atlanta Department of Public Works Solid Waste Services currently services 96,000 single-family homes. The City would like to ensure that all residential customers have the resources to participate in waste reduction and sustainability practices through recycling. Learn more at atlantaga.gov

CHaRM stands for The **C**enter for **H**ard to **R**ecycle **M**aterials. It is a permanent facility that will encourage reuse while diverting thousands of pounds of household hazardous waste, bulky trash and other hard to recycle items from Metro-Atlanta households, water supplies, and landfills. livethrive.org/charm

Empowering the public with community specific resources for the 4 R's of protecting the environment: Reduce, Reuse, Recycle, React. earth911.com

Liberty Tire Recycling is the premier provider of tire recycling services in the United States. By reclaiming more than 33 percent of the nation's discarded tires, it annually transforms more than 140 million tires into raw materials for smart, sustainable products that improve people's lives. libertytire.com

The Atlanta BeltLine is transforming the city with a combination of rail, trail, greenspace, housing and art. It will ultimately connect 45 in-town neighborhoods, provide first and last mile connectivity for regional transportation initiatives, and put Atlanta on a path to 21st century economic growth and sustainability. Learn more at www.beltline.org.

Protecting and improving our urban environment by planting and conserving trees. treesatlanta.org

Atlanta Community ToolBank supports community efforts to strengthen neighborhoods and homes through its home repair program, tool lending library, and its materials for repair projects. toolbank.org

Park Pride is a non-profit organization dedicated to leading and inspiring action for parks and greenspace. parkpride.org

Trees Alive

The Adams Park **Trees Alive** initiative was created to help prevent tree loss and the creation of dangerous trees on private property due to invasive English ivy.

For more than a decade, the Yellow Pages industry has taken proactive measures to decrease its carbon footprint. You can help by opting out of receiving a hard copy of your local telephone book [here](#).
